THE JOURNAL, 10 CTS. A WEEK.

SOUTH PASEO ASSESSMENTS.

REST AT 7 PER CENT BEGINS ER TO-DAY ON DELINQUENTS.

of the South Pasco Assessment Is 66 Cents on Every \$100-Good Sized Rush of Property Owners Yesterday to Pay Up.

To-day is the last day for the payment f the assessments for the South pasco and, from the rush yesterday, it is probable that nearly \$19,000 of the \$69,000 assessed will be paid in. After to-day property owners in the South park district will have to pay 7 per cent interest on the whole amount due, which is payable between May 19 and May 31 of each year. The rate for the South paseo is 66 cents on every \$100 of

assessed valuation of land alone. When the amount paid in during the sixty days from the confirmation of the verdict is ascertained, park certificates are issued for the remainder. These bear 7 per cent interest, and, as has been shown repeatedly by The Journal, are an excellent investment, as all interest and paneltic co to the holder of the certificate

investment, as all interest and panelitic to the holder of the certificate ers are assured of at least 8 per their investment, and this amount increased very considerably, it bein sible to realize 15 per cent under circumstances.

There was a great rush yesterday to in the South paseo assessments, and maproperty owners paid on other park improvements, such as the North paseo and Hoimes square. Interest on both the last named improvements has already begun 10 run. Interest is due in North paseo assessments from January 14 to May 31 of this year, and on the Holmes square from May 3, 1896, to May 31, 1897.

The owners of the Keith & Perry building yesterday paid 500 as the assessment for the North paseo improvement. Discussing the question as to whether a business property was benefited by an improvement in the extreme residence section of the city. Treasurer Green said yesterday:

"Every improvement that makes the city attractive benefits every owner of business property. There are scores of retired business and professional men always looking for an attractive place where they may spend their deciling years. educate their

business and professional men always looking for an attractive place where they may spend their declining years, educate their families and enjoy their incomes. They will come to this city just as they go to other cities which are spending vast sums in beautifying those cities. It needs no argument to convince anyone that it benefits the Kansas City business men to have men of means come here. Enterprises will follow the growth of the city, and every dollar spent in improving the city will bring a return just as certain as mathematics. Downtown business property in this city will command \$10,000 a foot within the next twenty years, as a result of this this city will command \$10,000 a foot within the next twenty years, as a result of this growth which will be fostered and accel-erated by the improvement of the city. Above all others should business men be in favor of parks and boulevards."

usatisfactory Reports About Smoke Consumers Cause the Council

Committee to Hesitate. Aiderman Brown has abandoned his tention of calling up the smoke abatement ordinance in the council, and will call the upper house public improvements commitee tegether early this week for the pur ose of securing a report on the measure

pose of securing a report on the measure if possible.

Aderman Wyne, a member of the committee, said yesterday that the ordinance was giving him a great deal of trouble.

"This is a matter," he said, "which cannot be settled by merely sentimental considerations. At least, it should not be so settled. Everybody knows that smoke is a nuisance, and that it should be abated. But how can it be done? I am not in favor of turning every large plant owner over to, the mercy of every patentee of a smoke consuming device. It will cost hundreds and thousands of dollars for large plant owners to equip their plants with devices, and then they will not, in all probability, give satisfaction. I am told that there is little difference in St. Louis as a result of the anti-smoke crusade. I know there is little in Chicago, where I went the other day, and they have been hammering at this question for five years.

"The great trouble with large plants is that the boilers now in use cannot be fitted with satisfactory appliances without completely overhauling the boilers at an expense of from \$1.000 to \$5.000. Small plants may be equipped at little cost, but one big plant is more of a nuisance than half the little ones in town."

Ex-Alderman Frank Phillips, who has just returned from a three months' trip to Los Angeles, said, in discussing the subject:

Ex-Alderman Frank Phillips, who has just returned from a three months' trip to Los Angeles, said, in discussing the subject: "None of the devices at present in operation works satisfactorily with the bollers now in use. The only device that worked perfectly was one on the Metropolitan power house at Eighth and Woodland, but it ran the coal bill up to an enormous figure, and had to be taken out, and the bollers were changed. Much of the trouble grows out of the carelessness of the firemen, who do not feed the furnaces uniformly. While a device is being tested the firemen are careful, and good results are achieved, but in a little while the trouble is as bad as ever."

PINGREE PATCH COMMISSION.

ardiner Lathrop, Mrs. Noble L. Prentis, D. B. Page, S. A. Pierce and Rev. C. L. Kloss the Members.

Mayor Jones yesterday completed his Pingree potato plan commission, as follows: Hon. Gardiner Lathrop, chairman; Mrs. Noble Prentis, D. B. Page, S. A. Pierce and Noble Prentis, D. B. Page, S. A. Pierce and Rev. C. L. Kloss. The commission is regarded as an exceptionally strong one and will command the confidence of all those interested in the plan. The commission will meet in the lower house council chamber to-morrow afternoon at 2 o'clock and mapout plans for carrying the scheme into effect at as early a date as possible.

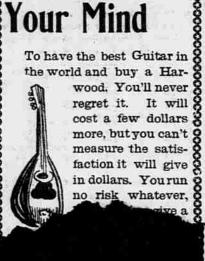

Now that the commission has been selected, all the members having accepted their appointment, Mayor Jones is confident that owners of unimproved property in the suburbs will donate the use of such property for the deserving poor of the city. Potato crops will be planted and hundreds of families will be enabled to earn enough to tide them over the winter.

Electric Lights at All Crossings.

Aldermen Eyssell and Jewell, of the up-per house gas committee, met yesterday and reported favorably an ordinance re-quiring both street railway and steam railway companies to maintain electric lights at crossings. This will make a con-siderable decrease in the cost of lighting to the city, as there are about seventy-fir lights on the list prepared by the commit

"I've come now, love, to tell you
That we were both to blame,
And I'll forgive if you'll forget,
And once more be the same;
When we parted, darling.
This dream voice whispered low,
My heart it then was breaking—
I would not let you know."
